DD/I reported that a preliminary look at the DOD "white paper" and the 22 May printed hearings of the two Subcommittees of the House Committee on Appropriations, Safeguard Antiballistic Missile System, reveals that some of the language is almost identical to certain paragraphs of SNIE 13-8.

Godfrey reported that a memorandum covering biographic data on the principals in the new Provisional Revolutionary Government and an additional memorandum on the strains and stresses in North Vietnam are being distributed. The Director concurred in Godfrey's suggestion that these two memoranda be included in the material for former President Johnson.

D/ONE briefed on possible areas of conflict in today's USIB meeting. After considerable discussion the Director asked those concerned to meet with him immediately following the Morning Meeting.

Bross noted that Mr. Froehlke has apparently been given an additional assignment to look into DIA and has asked General Robert Taylor to meet with him and General Wheeler on this matter. The Director concurred.

Executive Director reported that, according to []
